Description of Features

Foam generator: The foam generator, with integrated compressor, allows economic dry foam carpet cleaning. A short drying time allows fast re-use of the area.

Vacuum unit and suction skirt: The combination of vacuum unit and suction skirt is an ideal solution to prevent dust emission into the air. During spray cleaning, the skirt also acts as a splash protector.

Water tank: The best accessory for wet scrubbing and deep cleaning. The tank fits perfectly onto the machine and has a big opening for easy filling.

Robustness: TASKI ergodisc is an innovative range of single disc machines. The use of high-tech materials creates robust, shock absorbing machines with an extended lifetime and low service costs.

All ergodisc machines come with 2 years warranty.
