

Clax RR Sour Plus

6FL1-1

Liquid Neutraliser

- Neutralises Alkalinity And Prevents Iron Precipitation

CLAX RR SOUR PLUS is a liquid laundry sour used to neutralise remains of alkalinity & chlorine at the end of the total wash process. It contains an organic acid, which biodegrades easily. In contrast to most organic sour, **CLAX RR SOUR PLUS** has unique formulas that acts effectively against iron and manganese and also has the most potent reducing agent that neutralizes chlorine. Additionally, **CLAX RR SOUR PLUS** contains an ingredient to sequester traces of iron which might be present in the final rinse.

The final pH in the wash should be between 6 and 6.5 to ensure that the linen is fully neutralised.

Features and Benefits

- ▶ Neutralises excess alkalinity on wash goods - Negates the need for extra rinsing to get the pH of the fabric to the correct level. Ensure correct conditions for minimal fabric damage.
- ▶ Neutralise excess chlorine - Prevents fabric damage & yellowness due to residual chlorine.
- ▶ Contains an iron sequestrant - Prevents yellowing of fabric due to traces of iron in the rinse water.

Background information

CLAX RR SOUR PLUS has a good neutralising action, around pH 6.5, which is the ideal end pH for the wash goods prior to drying.

CLAX RR SOUR PLUS binds iron, which could be present in the souring step, thus preventing yellowing of fabric.

CLAX RR SOUR PLUS is auto-dosed through a unique automatic dosing system. The wash process is customised by the Diversey Technical Service Personnel to get optimal results.

Clax RR Sour Plus 6FL1.1 Use Overview

Technical data*

Description	
Appearance	transparent liquid
pH (1% solution)	less than 2.0
Specific gravity@25°C	1.07 - 1.15

* The above data is typical of normal production and should not be taken as a specification

Safe handling and storage information

CLAX RR SOUR PLUS has been especially formulated for professional usage. Always refer to the safety data sheets applicable to this product. Please apply the safety rules as given on the product label. This product is harmful to the skin. Only for use with Diversey dosing equipment.

Packaging

1 X 25 Litre
