

Picobello 151

Manual sweeper with absolute dust control

Key features

- ▶ Durability
- ▶ Ergonomic
- ▶ Productivity
- ▶ Simplicity

Product Description

The new Picobello 151 is the first and only manual sweeper in the world able to control the dust. It has a total sweeping path of 700 mm and can sweep up to 2.100 sq/m/h, this is at minimum 10 times faster than a man with a broom. The Picobello 151 combines PRODUCTIVITY, SIMPLICITY, ECOLOGY and VALUE FOR MONEY, and can be employed anywhere there are small to medium floor areas to be kept totally dust-free.

The Picobello 151 is a very innovative manual sweeper, as it is equipped with a patented system that enables the complete control of dust, which would otherwise be raised when using any other traditional manual sweepers. Picobello 151 has an unlimited running time, it is completely silent and 100% ecological.

Working principle

When the machine is pushed, either forward or reverse, the side wheel activates the main brush and, in addition, a drive shaft connected to the vacuum-fan which will rotate at high speed, thus generating a vacuum effect that enables the suction of dust.

Our target was to design a manual sweeper integrated by a vacuum system completely free from batteries, engines or cables, to guarantee ease of use, value for money and respect of ecology.

The sweeper is equipped with a cartridge filter to retain small particles of dust. The filter can be easily removed for maintenance purpose or eventual replacement.

We have also designed the machine's styling, improved features such as strength and ergonomics, and have introduced new-generation plastics which guarantee shock absorbing effects and longer durability.

Picobello 151 Specifications

Technical Data

Description	
Cleaning path with side broom	700 mm
Productivity	2100 m ² /hr.
Cleaning path only main broom	500 mm
Recommended working speed	3 km/hr
Capacity of dirt container (front)	26 lt
Capacity of dirt container rear	4 lt
Weight of machine	25 kg
Vacuum system	Manual
Filter	Paper cartridge
