

Suma Ultra

Liquid mechanical ware washing detergent for soft water

L2

Description

Suma Ultra L2 is a concentrated liquid mechanical ware washing detergent specially formulated to provide excellent soil removal in soft water conditions.

Key properties

Suma Ultra L2 is a heavy duty alkaline liquid detergent which is suitable for use in a wide range of single and multi-tank ware washing machines. It contains a blend of caustic alkali and powerful sequestrants, which will provide excellent removal of fats and dried on foods in soft water conditions.

Benefits

- Highly concentrated formulation gives greater economy in use
- Cuts through grease and dried-on foods
- Helps prevent scaling of items and machine parts in soft water
- Low foaming action for more efficient and effective operation

Use instructions

Suma Ultra L2 is normally applied using Diversey automatic dispensing equipment. It can however be used in conjunction with integral dosing pumps where fitted. To ensure perfect cleaning results in soft water conditions, dose at a concentration of 1 - 4 g/litre, depending on local site conditions.

At 2 g/litre, **Suma Ultra L2** will prevent scale deposits in water containing up to 80 ppm CaCO₃.

At first use, rinse pump and transport tubes of the dosing system to avoid possible crystallisation in these tubes caused by mixing of products.

Technical data

Appearance	clear yellow liquid
pH neat	13.5
pH (1% solution)	12.3
Relative density	1.27

These figures are typical values and should not be interpreted as specifications.

Safe handling and storage information

Full guidance on the handling and disposal of this product is provided in a separate Material Safety Data Sheet.

Store in original container. Avoid extremes of temperatures.

Product compatibility

Under recommended conditions of use, **Suma Ultra L2** is suitable for use on most materials commonly encountered in the kitchen. Do not however use on alkali sensitive items such as copper, brass, aluminium or rubber.
