

TASKI® MicroQuick

Key Advantages

- ▶ High quality microfiber cloth
- ▶ Excellent dust pick-up properties
- ▶ Great volume feel
- ▶ Color-coded

Benefits

- ▶ Outstanding cleaning performance
- ▶ Fast and easy cleaning
- ▶ Comfortable usage
- ▶ Meets hygiene and safety demands

Description

TASKI MicroQuick is a high quality microfiber cleaning cloth. The extremely fine fibers of this woven cloth make it easy to penetrate into the surface at a finer level than normal fibers, removing higher levels of dirt and grease.

Due to the strength and the high volume of the cloth, TASKI MicroQuick is ideally suited for removing dust particles and heavy dirt where dirt pick-up and absorbance is the primary requirement. The TASKI MicroQuick cloths are available in five colors to allow end users to comply with set or customized color coding practices.

Instructions for Use

TASKI MicroQuick is recommended to be used dry or damp, and is therefore most suited for spray and wipe cleaning and pre-wetted methods.

When using the cloth, fine fibers create a capillary effect within the cloth that collects and retains dirt, grease and dust particles from the surface – removing the need for a second drying pass. For these particles to be removed completely the cloth needs to be laundered.

TASKI MicroQuick Specifications

Caring for your cloth

- ▶ Wash colors separately
- ▶ Do not launder together with other textiles
- ▶ After use with chemicals always pre-wash or rinse the cloths without detergent
- ▶ Please take care that too high temperatures or over drying causes thermal damage to the fibers

Product Specifications

Description	
Material	80% Polyester (PES), 20% Polyamide (PA)
Size	40 x 40 cm
Color	red, blue, yellow, green & white
Washing	machine wash at 95°C (max)
Drying	dry at 60°C (max)
Durability	washable over 300 - 400 times at 95°C (max)

Available Items
