Features and Benefits

Trooper DuaVac 78 is a wet and dry vacuum cleaner that is designed to be simple to use and tough for all harsh working conditions. The body is made of stainless steel tank and mounted onto robust trolley for extended rugged use.

- Tilting system

The tilt system and comfortable handle grip on the tank makes emptying of the tank ergonomic and easy.

- Powerful dual motor system

Equipped with dual motor for options to increase or decrease power according to heavy or less demanding cleaning tasks.

- Large stainless steel tank

Rugged stainless steel body with a size to match the volume of cleaning needs and to extend productivity.

- Tough trolley structure

Comes mounted on a sturdy chassis, with comfortable handle grip and supported with strong wheels.

- Wide range of standard accessories

The machine is equipped with a full set of useful and interchangeable accessories for cleaning of spillages, small areas or any other specific needs.

- Excellent suction performance with fixomat (optional)

An optional 60 cm Fixomat can be fitted to increase productivity and offer excellent drying results.
