

# TASKI® Fringe Mop

## Key Features

- ▶ Good quality, material – 80% Cotton / 20% Polyester
- ▶ Optimal soil pick-up and glide properties

## Advantages

- ▶ Good mop durability
- ▶ High efficiency and m<sup>2</sup>- productivity
- ▶ Hygiene security

## Description

Each TASKI Standard Damp Mop is carefully manufactured with good quality materials and guarantees great cleaning results. All mops provide optimal glide and soil pick-up properties for minimal operator fatigue, while delivering high cleaning standards.

The TASKI Standard Damp Mop is especially developed for damp mopping in areas which are cleaned often and have a hygiene demand.

## Instructions for use

The TASKI Fringe Mop is to be used damp, with 175% of moisture to assure the best cleaning effect. Start mopping along the skirting board and then work inwards. Mop with circular motion, overlapping generously so no area is missed. Do not lift the mop from the floor when mopping or turning. Do not push the mop down against the floor either. After use remove the mop from the mop frame with a quick pull of the mop tab.

## TASKI Fringe Mop Specifications

### Caring for your mop

- ▶ Always pre-wash or rinse the mop without detergent
- ▶ Do not launder together with other textiles
- ▶ Do not use any bleach, softener or highly alkaline laundry product
- ▶ Please take care that too high temperature or over-drying causes thermal damage to the fibers
